

Help protect your employees from hospital expenses

While a health plan is essential, it may only go so far. Adding a UnitedHealthcare Hospital Indemnity Protection Plan to your employee benefits helps give them more financial security in the event of a hospital stay.

Help when it may be needed most

Emergencies are common and hospital stays are costly

Over 36 million Americans have needed hospital care in a year¹—the average cost, including ambulance transportation was more than \$10,000.²

Millions of consumers are in high deductible health plans

This may make them more susceptible to high out-of-pocket costs.³

Many employees are not prepared for high, unexpected medical costs

45% of people would be unable to afford an unexpected medical bill of \$500.⁴

Plan highlights

Pays a benefit directly to the member after a hospital stay or related expenses.*

Benefits payable for:

- Hospital admission and confinement
- Intensive care unit (ICU) admission
- Short-term observation

Benefit Assist⁵

Benefit Assist is designed to help employees receive their claim payment sooner—providing financial support when they need it most.

* This policy does not meet the definition of minimum essential coverage and therefore should not be used as a substitute for major medical insurance.

How the plan works

The Hospital Indemnity Protection Plan pays benefits directly to your employees. They can use the cash to pay for hospital expenses, out-of-pocket expenses, deductibles or anything else they want, including paying for:

- Out-of-pocket health plan costs (hospital stay, deductibles, coinsurance, etc.)
- Mortgage or rent
- Groceries
- Prescriptions
- Treatment by a specialist
- Transportation to and from treatment

Benefits payable for:

- Hospital admission
- Hospital confinement
- Intensive care unit (ICU) admission
- Short-term observation
- Surgery
- Rehabilitation therapy
- Drug and alcohol treatment
- Mental and nervous disorder treatment

Additional benefits available based on HSA compatibility.

Here’s an example of the plan at work

Jane goes into labor and is admitted to the hospital. The doctor determines she needs to have a C-section.

She receives these payments for her hospitalization*

Payments for hospital admission and care	
Hospital admission	\$1,500
Hospital confinement as Jane recovers from the C-section	\$600
Total payments to Jane:	\$2,100

Jane receives a check for **\$2,100** and she can use it however she chooses
